(d) Subpoena for Taking Depositions—Place of Examination.

(1) Except as provided in paragraph (3), Proof of service of a notice to take a deposition as provided in Rules 30(b) and 31(a) constitutes a sufficient authorization for the issuance by the clerk of the court for any judicial district of subpoenas for the persons named or described therein. The subpoena may command the person to whom it is directed to produce and permit inspection and copying of designated books, papers, documents, or tangible things which constitute or contain matters within the scope of the examination permitted by Rule 26(b), but in that event the subpoena will be subject to the provisions of Rule 26(c) and subparagraph (b) of this rule.

The person to whom the subpoena is directed may, within 10 days after the service thereof or on or before the time specified in the subpoena for compliance if such time is less than 10 days after service, serve upon the attorney designated in the subpoena written objection to inspection or copying of any or all of the designated materials. If objection is made, the party serving the subpoena shall not be entitled to inspect and copy the material except pursuant to an order of the court from which the subpoena was issued. The party serving the subpoena may, if objection has been made, move upon notice to the deponent for an order at any time before or during the taking of the deposition.

(2) A resident of the judicial district in which the deposition is to be taken may be required to attend an examination at any

place within the district, unless otherwise ordered by the court. A nonresident of the judicial district in which the deposition is to be taken, and a nonresident of the state subpoenaed within the state, may be required to attend at any place within the district wherein the nonresident is served with a subpoena, unless otherwise ordered by the court.

(3) Rule 45.1 defines the procedure for the issuance of a subpoena for deposition and discovery in an out-of-state action.
